

Love Drops – PES Rocks

Dear Parents,

Pontchartrain Elementary is partnering with Lusher and Homer Plessy Charter Schools in New Orleans, and Momentous Institute and Cottonwood Creek Elementary School in Dallas, TX in creating Love Drops – stones created with love and kindness.

The goal of Love Drops is to encourage students to encourage others with a positive message as well as to inspire others to complete an act of kindness. At PES, we believe that even the smallest acts of kindness can make the largest of impacts.

The students will have opportunities to decorate rocks with an inspirational word or phrase. Students will have the chance to decorate rocks in various places – Art Lab, Before Care, classroom, recess, etc. Rocks will be pooled together and distributed to students to take home on a requested basis. Students will not be taking home the same rock they decorated. We are doing this as a team!

Families may request Love Drops to be sent home (maximum of 2 at this time) for your child to place somewhere in the community. Students can also place Love Drops in out-of-town places when going on vacation!

Another fun and educational aspect of the Love Drops, is that they can be tracked! The Love Drops can be tracked on Facebook, and we will place pictures of Found Love Drops on a bulletin board in the Main Hall. Follow our Facebook page for updates and Found Love Drops – [Facebook.com/foundlovedropspesrocks](https://www.facebook.com/foundlovedropspesrocks).

If you would like to request a Love Drop (maximum of 2 at this time), please visit the school website (pontchartrainelementary.stpsb.org). Click on the “Love Drops” tab. Then, click on the email address (christina.ross@stpsb.org). Please indicate your child’s name, homeroom teacher, and number of Love Drops requested. They will be sent home shortly after with your child. At times, we may be low on Love Drops, but as soon as more are created, they will be sent home!

We are looking forward to inspiring others with this amazing project, and we can’t wait to see where our Love Drops land!

If you would like to help students decorate Love Rocks during lunch recess, please email Christy Ross at christina.ross@stpsb.org.

Thank You!

Christy Ross
